

I. Draft Abstract (150-500 words):

II. Copyright Transfer Form (Must be signed and submitted WITH THE MANUSCRIPT)

Under the terms of United States Copyright Law, Nova Science Publishers, Inc. (NOVA) must formally obtain transfer of copyright before a chapter/article can be published, unless it was prepared as part of the author's official duties as an employee of the United States government.

In consideration of the fact that NOVA undertakes to publish my article/chapter hereinafter referred to as "Work".

1. I affirm that the material is original; that it contains no matter that is libelous or is otherwise unlawful or that invades individual privacy or infringes any proprietary right or any statutory copyright; and I agree to indemnify and hold the publisher harmless against any claim or judgment to the contrary. Further, I warrant that I have the right to assign the copyright to NOVA, and that no right protected by copyright to the Work has been previously assigned. It is understood that the copyright to the Work has not been registered with the United States Copyright Office, but in the event that such registration has taken place, I will promptly transfer the copyright to NOVA.

2. I affirm that I (and my coauthors) have obtained written permission for unrestricted use of any previously copyrighted material included in the article and that such documentation will be forwarded to NOVA for its files. I further affirm that I (and my coauthors) have stated any possible conflicts of interest within the Work.

3. I warrant that the Work has not been published elsewhere in whole or in part and that I have not given anyone else permission to publish or otherwise exploit any part of the Work. Should the Work contain any material that requires written permission to be included in the Work, I will obtain such permission at my own expense from the copyright proprietor using Nova Permission Form.

4. I (and my coauthors) hereby assign and transfer to NOVA all rights of copyright ownership and permissions to the Work, including without limitation or restriction, all rights of reproduction, derivation, distribution, sale, reuse, translation and display of the Work, in whole or in part, including recompilation, cross-publication and stand-alone publication, in any and all forms of media now or hereafter known, including all electronic and digital media, as protected by the laws of the United States and foreign countries and to authorize others to make such uses of the work. These rights will become the property of NOVA from the date of acceptance of the Work for publication and extend for the life of the copyright. NOVA grants the author (and to all coauthors) the right to present orally in any forum all or part of the Work. I understand that NOVA, as copyright owner, has authority to grant permission to reproduce the Work.
